

Rockford Area Schools New Network Offerings through BCBSMN

The following network illustration compares the current networks under Medica to the new networks being offered for January 1, 2018 through Blue Cross Blue Shield of MN (BCBSMN). This includes only the major health system groups in the Twin Cities metro area, although many of these health care networks have affiliations with other clinics/hospitals that are also included in the network. Visit www.bluecrossmn.com and click on “Find a Doctor” to see which networks include your providers.
